Prior Living Situation and Exit Destination

How can Prior Living Situation help us paint a picture?

Eligibility and vulnerability patterns

Are we sheltering or housing homeless clients? Or at-risk clients?
What percentage?

Completeness and Accuracy

Where are they just before seeking our help?
How does our workflow collect client data?

First 2 questions are required for all HoH & adults

HOMELESS HISTORY INTERVIEW

Chronic homeless status is determined, by a client's history of homelessness, disability status, and the length of time spent on the street, in an emergency shelter, or a Safe Haven (SH).

However, intake staff should not instruct the client on the length of time or episodes necessary to qualify as chronically homeless. Responses should simply be the actual client responses.

Questions must be asked exactly as they are presented below.

How can Exit Destination help us paint a picture?

Outcomes and Performance patterns

Are we sheltering or housing homeless clients? Are the “Reasons for Leaving” patterns that indicate permanent housing success?

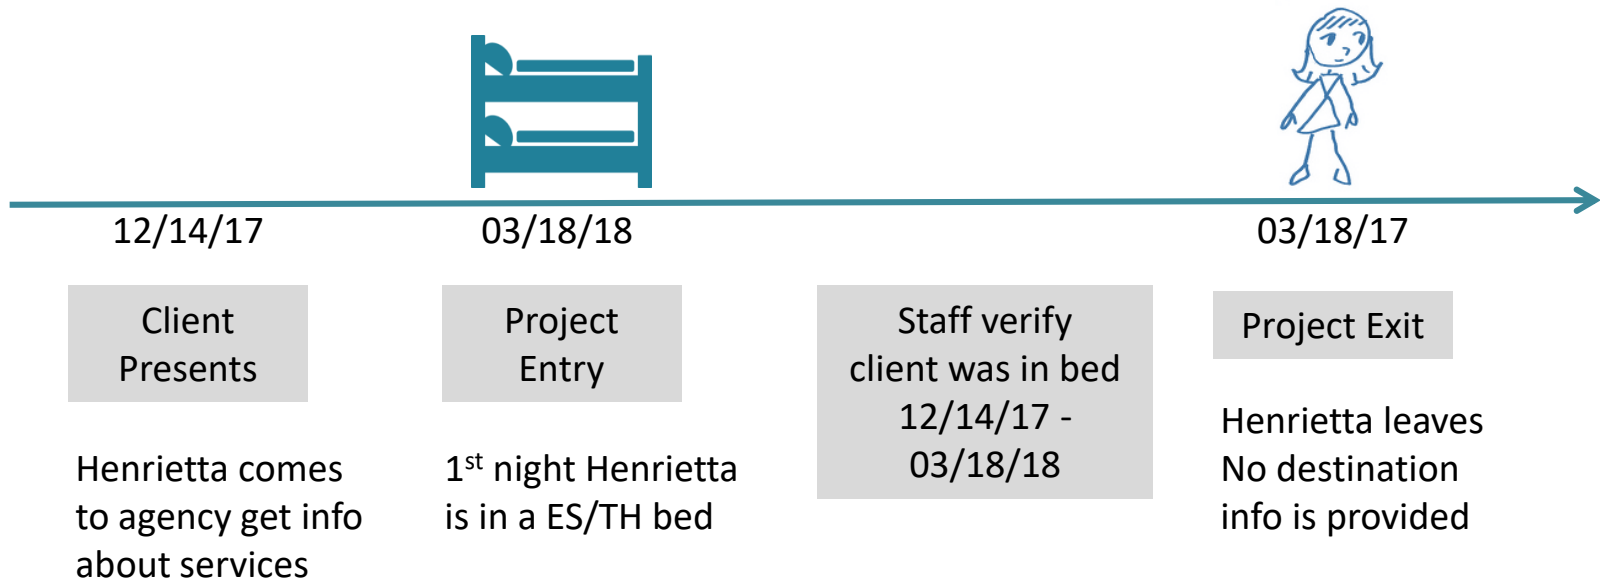

Completeness and Accuracy

Where are they right after seeking our help? How does our workflow collect client data?

Destination

Definition	Where a client will stay just after exiting a project
Collection Point	Project Exit
Subject	All clients
Special Notes	If client exits without providing destination information to staff, the “No exit interview completed” response should be used

Sometimes we don't know where clients went...

This can lead to ‘red flags’ or null responses

When to select “No exit interview completed”

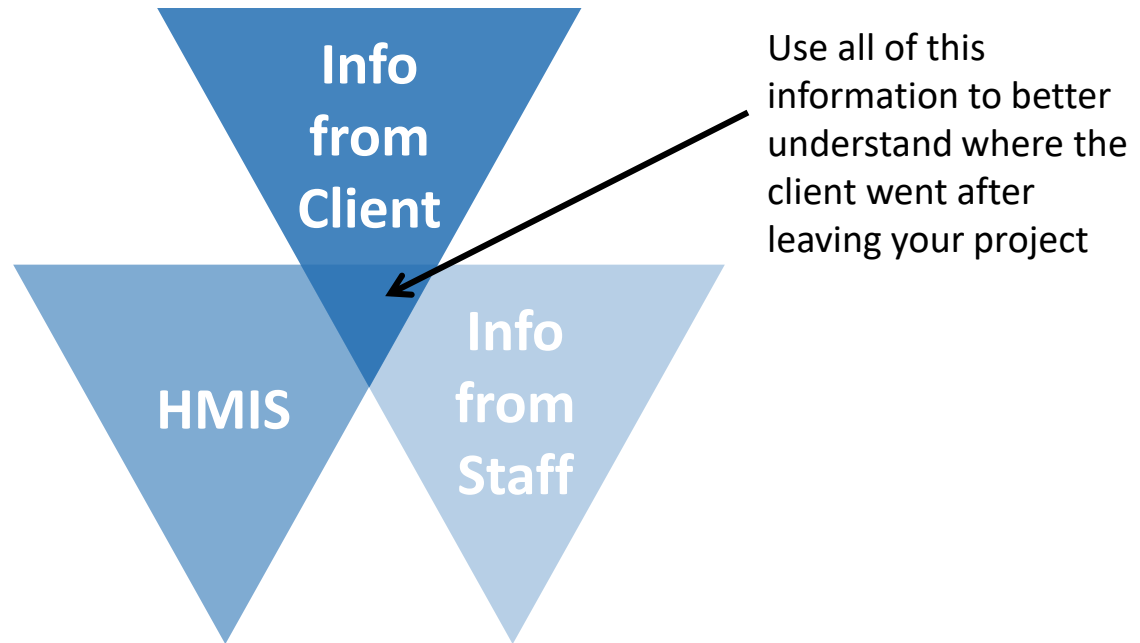

- If sources are not available—client did not provide info, staff do not have info, and there is no HMIS data

Want to use Other? Call the us at the Helpdesk first!

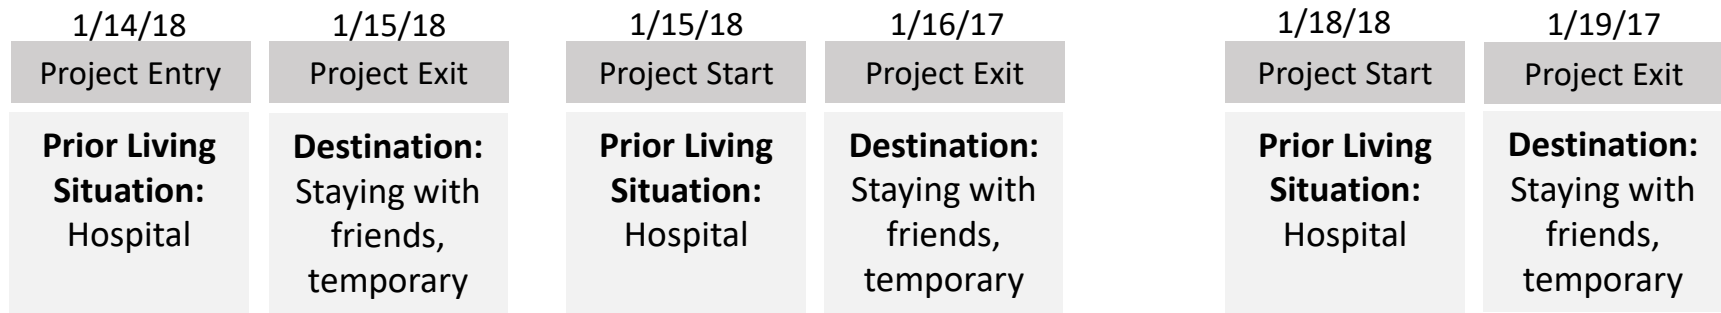

Do not enter record inaccurate information

- ✓ Missing data is always better than inaccurate data

HUD encourages us to get more info for Exit Destination

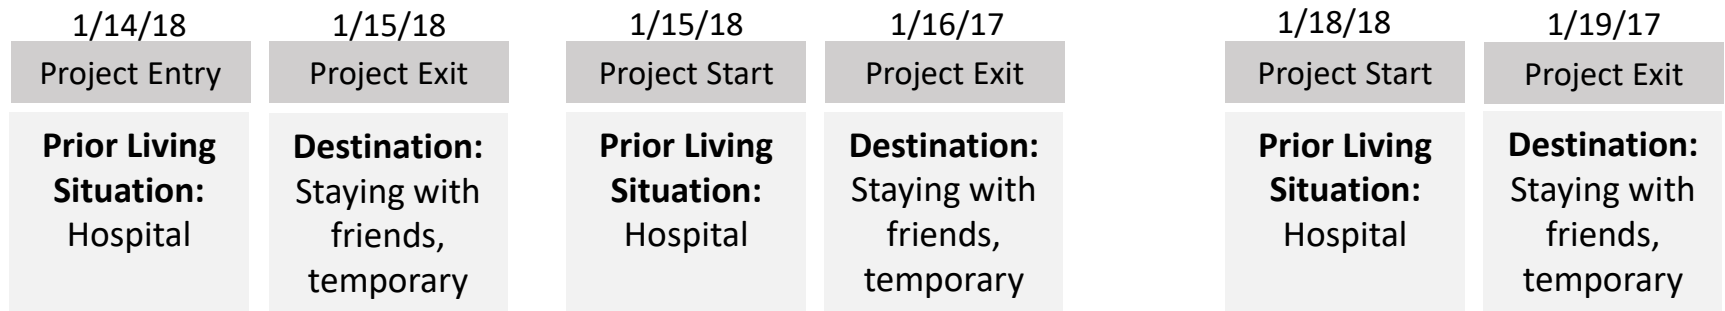

Sometimes responses aren't updated

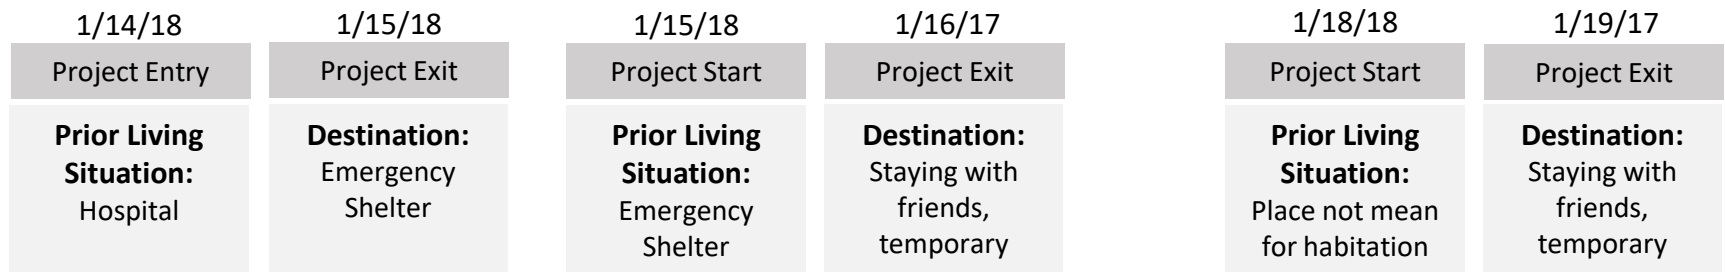

Is this accurate?

Every response should align with every entry

The Housing Move-In Date MUST be entered via an INTERIM ASSESSMENT with a timestamp that occurs after the Project Start and before the Project Exit. If client is not in housing leave this question blank.

Feedback

Where to expect duplicates?

In preparation for System Performance Measures, the Data Center will review data across agencies for overlapping entries.

Does your agency have any serve clients at the same time as another agency in the community?
